

# Truck Technologies of the Future

## Table of Contents

Acknowledgements 5

Introduction 5

Chapter I: Where are We Today 7

State of the Industry and Statistical Facts.....	9
Trucking and the Economy.....	12
The Flow of Transportation.....	16
Traffic Clogging the System .....	30
Beyond Borders and Interstate Commerce.....	31
Death of the Independent Truck Driver.....	34
Labor Shortages, Training and Simulators .....	38

Chapter II: The Nations Highways 46

Transportation Bill and Billions Planned .....	47
Trucking and Safety .....	53
GAO Reports and Reality .....	60
Electronic Highway Interactive Safety Devices .....	63
Technologies for Iced Conditions .....	70
Road Coatings for Urban Heat .....	78
Truck Parking and Hours of Service Debates .....	79
Rail VS. Trucking.....	82
Logistic Strategies to Handle Traffic .....	83

## **Chapter III: Defending Our Nation 85**

American Trucking Association Mobile Watch .....	88
Satellite Shut off Systems - Stopping a Truck Bomb.....	89
Hazardous Materials CDLs.....	93
Truck Scales, Border Checks and Sensors .....	95
US Port Security and Truck Cargo Trailers.....	100

## **Chapter IV: Communication Systems 103**

Truck Transponders .....	103
Modern GPS and Trucking .....	105
Truck Stops and WiFi and In Motion Internet Access .....	111
Real-Time Virtual Dash Boards .....	115
3G +, 4G and Promises of 5G Cell Phone .....	116

## **Chapter V: Truck Design and Materials 118**

Aerodynamic Designs .....	118
Motor Coach Truck Combos.....	122
Mobile Command Centers.....	127
Lighter Materials.....	129
Future of Truck Tires .....	135
The Future of Truck Washes .....	137
Robotic Warehouses and Future Designs .....	140

## **Chapter VI: Fuel and Propulsion 147**

Engine Technologies and Future Motors .....	158
Preventing Pollution Through Oil and Lubrication .....	165
Robotic Diagnostics and AI Manuals .....	170
Fuel Cell Trucks .....	171
Bio Diesel and Bio Fuels .....	176
On-Board Generators.....	182
Future Theories on Propulsion .....	183

## **Chapter VII: Convoys and Artificial Intelligence 184**

Military Convoys and Self-Driving Trucks .....	192
3D and 4D Transportation Computer Modeling .....	201
Dirigible Cargo Movers .....	206
Net-Centric Systems to Guide Trucks.....	207
Conclusion and Concepts.....	208
