

Table of Contents

Applying Vane Units	
Pump & Motor Characteristics and Drives	5
Mounting Dimensions, Circuitry Requirements, Fluid and Fluid Cleanliness	6
Reservoirs	7
Pump Startup Procedure	8
Pumps, Single - 20VQ through 45VQ Series	
Description	9
Operating Specifications	11
Model Codes	12
Installation Dimensions	14
Optional Shafts	17
Performance Curves	19
Shaft Torque Data	57
Pumps, Double - 2520VQ through 4535VQ	
Description	9
Operating Specifications	23
Model Codes	24
Installation Dimensions	26
Optional Shafts	30
Performance Curves	32
Shaft Torque Data	57
Pumps, Triple – 2520VQSV10 through 4535VQSV10 Series	
Description	9
Operating Specifications	43
Performance Curves Reference Table	43
Model Codes	44
Installation Dimensions	45
Shafts	46
Shaft Torque Data	57
Pumps, Single Thru-Drive – 25VQT*S through 45VQT*S	
Description	9
Operating Specifications	47
Performance Curves Reference Table	47
Model Codes	48
Installation Dimensions	49
Thru-drive Rear Mountings	52
Optional Shafts	56
Shaft Torque Data	57
Pumps, Double Thru-Drive – 3525VQT*S and 4525VQT*S	
Description	9
Operating Specifications	58
Model Codes	59
Installation Dimensions	60
Thru-drive Rear Mountings	62
Shaft Torque Data	64
Pumps, Single – V10 & V20 Series	
Description	66
Operating Specifications	67
Model Codes	68
Installation Dimensions	69
Optional Shafts	72
Performance Curves	73

Pumps, Double – V2010 & V2020 Series	
Description	66
Operating Specifications	78
Model Codes	79
Installation Dimensions	80
Optional Shafts	83
Performance Curves	84
Pumps, Power Steering – VTM42 Series	
Description	89
Operating Specifications and Model Codes	90
Installation Dimensions	91
Performance Curves	94
Motors – M2U & M2-200 Series	
Description	96
Operating Specifications and Model Codes	97
Installation Dimensions	98
Optional Shafts	99
Performance Curves	100
Motors – 25M through 50M Series	
Description	103
Operating Specifications and Model Codes	104
Installation Dimensions	105
Optional Shafts	107
Performance Curves	108
Accessory Products	
Foot Mounts	117
Filler/Breather Unit	118
SAE 4-Bolt Solid Flanges	119
Oil Recommendations	120
Hydraulic Formulae	121
Flow Capacities of Piping	122
