

## **SAŽETAK .**

U odbojci postoje tri osnovne taktičke forme u napadu : timska, grupna i individualna. Dobro pripremljena ekipa za svaku polusezonu pripremi, uigra barem jednu inovacionu varijantu taktičkog napada , kako bi iznenadili protivnika.

Termin odbojkaška taktika ( techne, grč) označava sva sredstva, mjere i postupke koje preduzimaju odbojkaši, tj svi članovi tima u toku konkretne utakmice , radi postizanja sportskog rezultata – pobjede na utakmici.

Taktika igre u napadu obuhvata taktiku primača servisa , taktiku dizača , taktiku libera i taktiku smečera . Taktika sadrži toliko elemenata psiho-sociološkoga karaktera da je nemoguće sagledati cijelini.

**Ključne riječi:** kompleks 1, odbojka, primač, dizač, smečer.

## **ABSRTACT**

In volleyball there are three basic forms of tactical assault: team, group and individual. Well-prepared team for each half season preparation, interplay of at least one variant of innovation taktičkog attack to surprise opponents.

Volleyball term tactic (techne, Greek) means all tools, measures and actions taken by the volleyball players, meaning all team members during the actual game, in order to achieve the sports Rezlutati - winning the game.

Tactics in attack tactic involves receiving players, tactics setter and libero tactic tactics hitter. Tactics contains so many elements of psycho-sociological nature that it is impossible to look at the whole.

**Key words:** Complex 1, volleyball, receiver, lifter, hitter.
