

Projects listed in this Publication make a part of the general program of reconstruction and economic recovery in Bosnia and Herzegovina. They are intended to inform business and financial institutions in order to take part in their realisation.

Publication offers various information to potential partners.

A part of them is related to a number of projects Bosnia and Herzegovina companies are offering to foreign partners including some projects that are of Governmental priority.

Besides 333 Projects, Publication provides basic elements related to possibilities of economic recovery, implementation of projects, guarantees of political risks, legislative, and to Chamber of Economy of Bosnia and Herzegovina as the Association which efficiently makes relations between foreign and domestic partners.

By publishing these pages, and offering them to business partners, Chamber of Economy of Bosnia and Herzegovina tries to fasten economic recovery of the Country and participation of its members in international co-operation and trade.

Chamber of Economy and its members expect positive reaction of business partners.

They are ready to give support in making contacts and to provide additional information to foreign partners.

With respect,

Mensur Smajlović, M.Sc.

President
