I .Elementary knowledge of data recovery	3
1.Connotation of data.....	3
2.The essence of data recovery	3
3.The scope of data recovery	3
4.The principle of data recovery	4
II .Data loss	4
1.Software reason.....	4
2.Hardware reason	5
III.Data Protecting Technologies	6
1.SMART Technology	6
2.SPS.....	6
3.DFT	6
4.Floppy disk array technology.....	6
5.SAN.....	7
6.NAS.....	7
7.Backup	7
IV.Elementary knowledge of hard disk	7
1.History of hard disk development.....	8
2.Main technical specification and parameter of hard disk.....	9
3.Physical structure of hard disk	11
4.Logical organization of hard disk.....	13
5.Connection synopsis of hard disk	16
V .Hard disk data organization	16
1.Primary formatting of hard disk.....	16
2.Advanced formatting of hard disk.....	18
3.Data storage region of hard disk	20

VI.Common Cases of Partition Recovery	23
1.MBR Recovery	23
2.Recovery of Partition	25
3.Partition Table Doctor	25
4.The FAT table recovery	33
VII.Case Study	35
1. Introduction of Data Recovery Wizard 3.0	35
2. Matters needs attention before recovery	35
