

CONTENTS

Introductionxi

Chapter 1
Getting Started in Game Art1
How Art Is Displayed1
Working with Pixels2
Using Painting Programs3
Using Brushes4
Photo Paint Programs6
 Finishing the Character Sketch6
 Creating a Door Texture7
Working with Vector-Drawing Programs10
Working with 3D Modeling Programs13
Summary21

Chapter 2
2D Artwork in Games23
Learning about Textures23
 Color in Textures24
 Roughness in Textures26
 Translucency in Textures27
 Reflectivity in Textures27
 Surface Luminance in Textures27
Creating Textures28
 Painting Textures28
 Using Photographs for Textures32
 Tiling Textures37
Creating Game Interfaces41
Creating Concept Art for Games47
Summary53

Chapter 3	
2D Animation	.55
How Does Animation Work?	.55
Creating a Simple 2D Animation	.56
Creating Character Animation	.61
Summary	.66

Chapter 4	
Introduction to 3D	.67
The 3D Art Program	.67
Building 3D Worlds	.67
Building a 3D Castle	.68
Building the Walls	.78
Texturing the Castle	.88
Finishing the Castle	.92
Summary	.94

Chapter 5	
Building Game Interiors	.95
Building the Interior	.95
Building the Columns	.104
Summary	.122

Chapter 6	
Lighting and Reflections	.123
Real-Time Lighting	.123
Point Light	.124
Directional Light	.124
Ambient Light	.124
Colored Light	.125
Preset Lighting	.125
Real-Time Reflections	.139
Specularity	.139
Environment Maps	.140
Rendered Reflections	.141
Summary	.143

Chapter 7	
Building Environments in NURBS	.145
What Are NURBS?	.145
Creating a Racecourse	.145
Adding Scenery Elements to the Racecourse	.158
Level of Detail	.163
Prelighting the Racecourse	.165
Building Skyboxes	.165
Summary	.168

Chapter 8	
Building Game Objects	169
Types of Objects	169
Naming Conventions	170
Building a Game Object	170
Moving Parts	185
Summary	190

Chapter 9	
Building Characters Part 1: The Head	191
The Human Head	191
Building the Head	192
Facial Animation Elements	206
Finishing the Head	210
Summary	211

Chapter 10	
Building Characters Part 2: The Body	213
Building Hands and Feet	225
Adding the Head	230
UV Mapping a Character	233
Summary	240

Chapter 11	
3D Animation	241
How 3D Animation Works in Games	241
Character Animation	246
Summary	262

Chapter 12	
Specialized Geometry and Special Effects	263
Creating Specialized Geometry	263
Collision Maps	263
Triggers and Other Invisible Objects	270
Creating Special Effects	271
Particle Effects	271
Creating Particles	278
Animated Billboards	278
Summary	279

Index	281
