About the Authors .....	xi
Foreword.....	xiii

## Section One - SQL System Tuning

---

<b>Chapter 1 - Parsing in Oracle SQL .....</b>	<b>1</b>
Parsing in SQL by Vadim Tropashko .....	1
<b>Chapter 2 - Are We Parsing Too Much? .....</b>	<b>10</b>
Are We Parsing Too Much? by John Weeg.....	10
What is Identical?.....	10
How Much CPU are We Spending Parsing?.....	11
Library Cache Hits.....	12
Shared Pool Free Space .....	12
Cursors .....	13
Code.....	15
Do What You Can.....	16
<b>Chapter 3 - Oracle SQL Optimizer Plan Stability.....</b>	<b>17</b>
Plan Stability in Oracle 8i/9i by Jonathan Lewis .....	17
The Back Door to the Black Box.....	17
Background / Overview.....	18
Preliminary Setup.....	19
What Does the Application Want to Do? .....	20
What Do You Want the Application to Do? .....	21
From Development to Production.....	26
Oracle 9 Enhancements .....	27
Caveats.....	28
Conclusion .....	29
<b>Chapter 4 - SQL Tuning Using <i>dbms_stats</i> .....</b>	<b>31</b>
Query Tuning Using DBMS_STATS by Dave Ensor.....	31
Introduction.....	31

Test Environment .....	31
Background.....	32
<i>Original Statement</i> .....	33
<i>With Hash Join Hints</i> .....	33
Oracle's Cost-based Optimizer.....	34
CPU Cost .....	34
Key Statistics .....	36
Other Factors .....	36
Cursor Sharing .....	37
Package DBMS_STATS.....	38
Plan Stability .....	38
Getting CBO to the Required Plan.....	39
Localizing the Impact.....	40
Ensuring Outline Use .....	42
Postscript .....	42
Conclusions .....	43

## Section Two - SQL Statement Tuning

---

<b>Chapter 5 - Trees in SQL</b> .....	<b>44</b>
Trees in SQL: Nested Sets and Materialized Path by Vadim Tropashko.....	44
Adjacency List .....	44
Materialized Path .....	46
Nested Sets .....	48
Nested Intervals.....	49
Partial Order.....	50
The Mapping.....	52
Normalization .....	54
Finding Parent Encoding and Sibling Number .....	56
Calculating Materialized Path and Distance between nodes....	57
The Final Test .....	60
<b>Chapter 6 - SQL Tuning Improvements</b> .....	<b>64</b>

SQL Tuning Improvements in Oracle 9.2 by Vadim Tropashko .....	64
Access and Filter Predicates.....	64
V\$SQL_PLAN_STATISTICS .....	69
<b>Chapter 7 - Oracle SQL Tuning Tips .....</b>	<b>73</b>
SQL tuning by Don Burleson.....	73
<b>Chapter 8 - Altering SQL Stored Outlines .....</b>	<b>75</b>
Faking Stored Outlines in Oracle 9 by Jonathan Lewis.....	75
Review .....	75
The Changes .....	76
New Features.....	81
Old Methods (1).....	82
Old Methods (2).....	84
The Safe Bet .....	85
Conclusion .....	86
References.....	87
<hr/>	
<b>Section Three - SQL Index Tuning</b>	
<b>Chapter 9 - Using Bitmap Indexes with Oracle .....</b>	<b>88</b>
Understanding Bitmap Indexes by Jonathan Lewis .....	88
Everybody Knows ... ..	88
What Is a Bitmap Index? .....	89
Do Bitmaps Lock Tables? .....	91
Consequences of Bitmap Locks .....	92
Problems with Bitmaps.....	94
Low Cardinality Columns.....	95
Sizing.....	102
Conclusion .....	103
References.....	104
<b>Chapter 10 - SQL Star Transformations.....</b>	<b>105</b>
Bitmap Indexes 2: Star Transformations by Jonathan Lewis	105
The Bitmap Star Transformation.....	107

Warnings .....	116
Conclusion .....	118
References.....	119
<b>Chapter 11 - Bitmap Join Indexes .....</b>	<b>120</b>
Bitmap Indexes 3 — Bitmap Join Indexes by Jonathan Lewis .....	120
It's fantastic - What's the Problem .....	122
What Is a Bitmap Join Index?.....	122
Issues .....	128
Conclusion .....	130
References.....	131
<hr/> <b>Section Four - SQL Diagnostics</b> <hr/>	
<b>Chapter 12 - Tracing SQL Execution .....</b>	<b>132</b>
Oracle_trace - the Best Built-in Diagnostic Tool? by Jonathan Lewis .....	132
How Do I ... ?.....	132
What is <i>oracle_trace</i> .....	133
Uses for <i>oracle_trace</i> .....	134
Putting it All Together.....	134
Some Results .....	139
Now What? .....	139
The Future .....	141
Conclusion .....	142
Caveat .....	142
References.....	142
<b>Chapter 13 - Embedding SQL in Java &amp; PL/SQL .....</b>	<b>143</b>
Java vs. PL/SQL: Where Do I Put the SQL? by Dave Moore .....	143
The Power of a Package .....	144
The Flexibility of Java .....	146
Performance .....	147
Benchmarks .....	147

Environment .....	148
The Tests.....	148
<i>Java</i> :.....	149
<i>PL/SQL</i> :.....	149
Multiple Statements.....	149
<i>Java</i> :.....	149
<i>PL/SQL</i> :.....	150
Truncate .....	150
<i>Java</i> :.....	150
<i>PL/SQL</i> :.....	151
Benchmark Results .....	151
Single Statement Results.....	151
Multiple Statements Results .....	152
<i>Truncate Results</i> .....	152
<i>Remote Results</i> .....	152
Conclusion .....	153
<b>Chapter 14 - Matrix Transposition in Oracle SQL.....</b>	<b>155</b>
Matrix Transposition in SQL by Vadim Tropashko.....	155
Nesting and Unnesting .....	156
Integer Enumeration for Aggregate Dismembering.....	157
User Defined Aggregate Functions .....	159
<b>Section Five - Advanced SQL</b>	
<hr/>	
<b>Chapter 15 - SQL with Keyword Searches .....</b>	<b>163</b>
Keyword Searches by Joe Celko.....	163
<b>Chapter 16 - Using SQL with Web Databases .....</b>	<b>167</b>
Web Databases by Joe Celko .....	167
<b>Chapter 17 - SQL and Calculated Columns .....</b>	<b>172</b>
Calculated Columns by Joe Celko.....	172
Introduction.....	172
Triggers.....	173
INSERT INTO Statement.....	175

UPDATE the Table .....	176
Use a VIEW .....	176
<b>Index .....</b>	<b>178</b>
