Part I: The QuickBooks System 1

Chapter 1: Quick Insights and Program Overview 3

QuickBooks Program Philosophy and Design	3
The QuickBooks Chart of Accounts: The Starting Point	4
Service-based companies	4
Product-based companies	5
Retail companies	5
Manufacturing companies	5
Creating Your Chart of Accounts	6
Registers: Tracking Your Asset and Liability Accounts	7
Organizing with Lists	8
Indexing with Items	11
Using Forms	13
Time-Saving Features	14
Quick Add	14
Quick Fill	15
Quick Recall	15
Quick Math	15
QuickBooks calculator	16
The Find function	17
Memorized transactions	17
Reports and Graphs	17
Standard reports	18
The Profit and Loss Statement	18
The Balance Sheet	19
The sales report by Item	19
Generating QuickReports	22
Analyzing information with graphs	22
Budgeting with QuickBooks	22
Summary	23

Chapter 2: Twenty Minutes to Navigating QuickBooks . . . 25

Opening the Sample Company File	25
QuickBooks Navigator	27
Navigating basics	27
The Company Navigator	27
The Customers Navigator	29

The Vendors Navigator	30
The Employees Navigator	31
The Banking Navigator	32
The Business Services Navigator	32
Getting Plenty of Help	35
Standard Help	35
QuickBooks Help & Support—Find an Answer	35
The QuickBooks Learning Center	35
Entering a Transaction	37
Summary	39

Chapter 3: Choosing the Correct Legal Entity and Avoiding Tax Penalties 41

Basic Types of Business Entities	41
The sole proprietorship	43
The partnership	44
Limited partnerships	45
The corporation	45
S corporations	46
The limited liability company	46
Federal Tax Identification Numbers	46
Tax Penalties for Late Filers and Nonfilers	48
Choosing a QuickBooks Start Date for Your Business Entity	50
A Checklist of Issues	51
Summary	52

Chapter 4: Accounting Basics for QuickBooks Companies 53

A Matter of Principle: GAAP and Your Business	53
All about Accounts	54
Start with the Chart	54
Types of accounts	55
Income	55
Expense	57
Asset	57
Liability	58
Retained earnings and equity	59
Temporary versus permanent accounts: A “close” call	60
Financial Statements	61
Profit and Loss Statements	61
Closing the books	62
Viewing the Profit and Loss Statement	63
The Balance Sheet	65
Journal Entries and T Accounts	66
Cash versus Accrual Accounting	68
Summary	70

Part II: Establishing Your Own QuickBooks Business

71

Chapter 5: Setting Up Your QuickBooks Company 73

Simplifying Life with the EasyStep Interview	73
Why use the interview?	73
Organization of the interview	74
Maneuvering within, exiting, and reentering the interview	75
Completing the Welcome and General Sections	76
The Company Information section	76
Identifying your business by name	76
Fiscal year and tax identification number	76
Tax-reporting form	77
Storing the interview information	78
Creating and previewing your Chart of Accounts	78
Preferences for invoicing, sales tax, and other features	80
The Payroll Section	81
Accounts payable	82
Entering your company's start date	82
Making Decisions about Income and Expense	83
Entering Opening Balances for Existing Accounts	85
Bypassing the EasyStep Interview	88
Summary	88

Chapter 6: Customizing Your Chart of Accounts 89

Creating and Maintaining Accounts	89
Automatically Created Accounts	90
Adding and Deleting Accounts	91
Adding accounts	92
Deleting accounts	94
Making Accounts Inactive	95
Numbering Accounts	96
Activating Account Numbering	96
Special Features to Help You Track Account Information	97
Creating an audit trail	97
Viewing subaccount detail	98
Using the Class Tracking feature	99
Editing Account Information and Opening Balances	100
Merging Accounts	101
Special Start-Up Issues for Accrual-Based Taxpayers	101
Uncategorized Income	102
Adjusting the Uncategorized Income account	102
Adjusting for uncategorized expenses	104
Summary	105

Chapter 7: Entering Historical Transactions and Data . . . 107

Record-Keeping Goals	107
The Essential Order for Entering Data	108
A Checklist for Establishing Your Opening Balances	109
Entering Opening Balances with the EasyStep Interview	109
Entering Past Customer Sales and Accounts Receivable	110
Entering Past Accounts Payable (Vendor) Information	113
Entering Balance Sheet Account Opening Balances	115
Liabilities	115
Assets	116
Equity Accounts	117
Summary	118

Chapter 8: Using Lists 119

What Lists Are Available?	119
Where Do List Entries Come From?	121
Viewing Lists	121
Adding Entries to a List	122
General procedure for adding items to lists	122
Adding a vendor	123
Adding list entries as you go	125
Customizing Fields	126
Creating custom fields for employees, vendors, or customers	126
Creating custom fields for Items	127
Organizing Lists	128
Rearranging individual list entries	129
Sorting entire lists	129
Making list entries inactive	130
Finding List Entries in Transactions	131
Merging List Entries	132
Deleting List Entries	132
Adding, Moving, and Removing Columns in a List	133
Printing a List	133
Displaying Different Views of Lists	134
Generating List Reports	135
Summary	135

Chapter 9: Working with Customers and Jobs 137

Setting Up New Customers	137
Creating a new customer record	139
Setting up jobs for a customer	142
Managing Your Customer:Job List	143
Changing customer or job information during a transaction	143
Changing customer or job information from the list	144
Keeping Notes for a Customer or Job	145
Creating Transactions for Customers and Jobs	146
Working with Customer and Job Reports	147
Reports for individual customers or jobs	147
Reports for all customers/all jobs	149

Writing Letters in Word Using QuickBooks Data	153
Accessing letter templates	154
Creating the letters with the Letters and Envelopes Wizard	155
Creating customer letters from scratch using QuickBooks Pro	158
Creating Customer Mailing Labels	158
Setting up your printer for labels	159
Summary	160

Chapter 10: Using Items to Designate Products and Pricing 161

What Is an Item?	161
The Relationship of Accounts to Items	163
Creating New Items	164
Creating New Items	165
Creating a Service Item	165
Creating an Inventory Item	167
Purchasing Items	169
Partial Payments Items	169
Subtotal and Discount Items	171
Subtotal Items	171
Discount Items	172
Discounting a single Item	172
Discounting multiple Items	173
Sales Taxes	173
Other Charges	174
Item Management Tools	175
The Group type	175
Using subitems	176
Editing, deleting, and inactivating Items	177
Searching for Items in a transaction	177
Reports about Items	178
Summary	179

Part III: Preferences and Data Management 181

Chapter 11: Printer Settings and Options 183

Choosing a Default Printer	183
Setting Options to Print Forms	184
Printing Reports and Graphs in Color	185
Printing Batches of Checks, Invoices, or Other Forms	185
Printing Labels	186
Adding your logo to checks and paychecks	187
Printing company or employee information on the check voucher	188
The check printing process	188
Common Printing Problems	189
Summary	190

Chapter 12: Setting QuickBooks Preferences 191

Changing Preferences	191
Accessing Preferences	191
What Preferences Does QuickBooks Offer?	192
Understanding Company Preferences versus	
My Preferences	194
Changing a Preference	195
Restoring defaults	196
Reviewing Preference Options	196
Accounting Preferences	196
Checking Preferences	197
Finance charge Preferences	198
General Preferences	199
Jobs & Estimates Preferences	199
Payroll & Employees Preferences	200
Reminders Preferences	201
Sales & Customers Preferences	201
Sales Tax Preferences	202
Tax: 1099 Preferences	202
Time Tracking Preferences	202
Summary	203

Chapter 13: Data Management and Security 205

Backing Up Data	205
Options for backing up your data	206
Preparing to back up	207
Determining space requirements for the backup	207
Scheduling regular backups of your data	209
Creating a backup strategy	209
Scheduling automatic backups	209
Scheduling regular backups	210
Restoring Data	211
Restoring a local backup	211
Restoring data backed up with an online service	212
Importing Data from Excel	212
Preparing Excel data for export	213
Mapping the data from your Excel file to QuickBooks	218
Condensing Data	220
Managing Security	223
Reviewing the role of the Administrator	224
Reviewing security options	224
Adding users to QuickBooks	226
Multi-user mode	226
Creating the Administrator ID and password	227
Steps for adding a QuickBooks user	228
Changing User Access and Deleting Users	229
Changing a password	229
Summary	229

Chapter 14: Recording Sales Transactions and Creating Sales Forms 231

How QuickBooks Helps You with Each Customer	
Transaction Cycle	231
Creating estimates for customers	232
Extending Credit to Customers: Invoices versus Statements . . .	235
Creating Invoices	236
Editing customer and sales transactions	238
Setting the correct invoice preferences	238
Billing Clients with Statements	239
Entering statement charges	239
Creating and printing a customer statement	241
Cash versus accrual accounting in sales transactions . . .	243
Recording and Tracking Customer Payments	244
Activating Sales Taxes	247
Finance Charges	249
Recording Pending Sales and Packing Slips	250
Tools for Managing and Editing Sales Forms	252
Editing a cash sale	252
Editing an Accounts Receivable transaction	252
Deleting and voiding sales	253
Summary	253

Chapter 15: Customizing Sales Forms 255

Why Customize Sales Forms?	255
Working with Template Files	258
Opening a template for editing and accessing	
the Customize Template options	258
Opening a template from the sales form	258
Using the Customize dialog box	259
Opening a template from the Templates list	259
Creating a new template	260
Creating a new template from the sales form	260
Creating a new template from the Templates list . . .	261
Using the Customize Dialog Box	261
Choosing header fields	262
Choosing other fields at the top of the form	263
Setting the column layout	264
Choosing footer fields	264
Company Tab	265
Selecting Different Fonts	266
Setting up your printer	267
Adding a Logo	267
Previewing Your Changes	269
Using the Layout Designer	269
Moving and resizing boxes	270
Making several boxes the same size	271
Setting object properties	271

Setting page margins	272
Fitting addresses for use with window envelopes	273
Zooming in and out	273
Adjusting the grid sensitivity	273
Summary	274

Part IV: Managing Your Business with QuickBooks

275

Chapter 16: Accounts Receivable and Deposits 277

Receiving Payments	277
Correcting misapplied or incorrect payments	279
Entering a discount for early payment	280
Setting up payment terms	281
Applying an early-payment discount	282
Assessing finance charges for late payments	283
Processing a Refund or Return	285
Applying customer credits to an invoice	287
Editing or deleting a credit memo	288
Handling overpayments, down payments, and prepayments	288
Handling a Bounced Check	289
Set up QuickBooks to track bad checks	290
Recording bank charges for a bounced check	290
Recording a credit memo to back out the original sale and write off a bad debt	291
Recharging the customer and applying a bad-check charge	291
Making Deposits	292
Depositing money from sales	292
Depositing other money	294
Editing or deleting a deposit	294
Generating Deposit Reports	295
Printing a Deposit Summary	295
Creating a Deposit Detail report	296
Aging Accounts Receivable	297
Viewing Accounts Receivable reports	297
Taking action on overdue accounts	299
Use the QuickBooks Write Letters feature	300
Screen out bad customers	300
Negotiate partial payments	301
Courts and collection agencies	301
Improving your future collection ratio	302
Handling Barter (Noncash) Payments	302
Summary	303

Chapter 17: Purchase Orders and Accounts Payable 305

Tools for Tracking Expenses	305
Entering Purchase Orders	306
Customizing purchase orders	308
Entering Bills	309
Entering a bill for Items from a purchase order	310
Entering a bill without an associated PO	312
Receiving and paying for Items at the same time	313
Receiving Items that arrive ahead of the bill	313
Recording the Items	313
Entering the bill when you receive it	314
Receiving Items that arrive with a bill	315
Billing a customer for a charge	315
Working with Memorized Bills	317
Memorizing a bill	318
Recalling a memorized bill	319
Paying Bills and Taking Discounts	319
Paying a bill	319
Editing Payments	321
Deleting Bills and Payments	321
Receiving Credits from Vendors	322
Reviewing Accounts Payable Reports	323
Summary	324

Chapter 18: Working with Inventory 325

The Definition of Inventory	325
What Types of Inventory Does QuickBooks Track?	326
Inventory Accounts	326
Inventory asset accounts	327
Expense account: Cost of Goods Sold	328
Income accounts	328
Using the QuickBooks Inventory Tracking Features	329
Creating a new Item	329
Activating inventory preferences	330
Overview of automatic inventory-tracking features	331
Inventory Valuation	332
Receiving Inventory	333
Scenario #1: Paying for goods at the time of receipt	333
Scenario #2: You receive the goods and get a bill later	336
Scenario #3: You pay for goods you have not received	337
Adjustments to Inventory	337
General Journal entries	338
A review of debits and credits	338
Entering an adjustment in the General Journal	339
The Quantity/Value On Hand window	340
Accounting for Returned Items	341
Inventory Reports	342
Summary	343

Chapter 19: Reviewing Registers and Reconciling Accounts 345

What's in a Register?	345
Viewing the Accounts Receivable register for the company	346
Locating a specific transaction in the company's Accounts Receivable register	347
Viewing the Accounts Receivable register for a particular customer or job	348
Scrolling through a register	349
Creating a QuickReport	349
Printing from a register	350
Entering and changing transactions	351
New transactions	352
Editing previously entered transactions	352
Moving, Voiding, and Deleting Transactions	352
Moving a register entry	353
Voiding and deleting transactions	353
Reconciling Your Check Register	354
Reconciling Your Checking Account	354
If Opening Balances Are Not the Same	355
Summary	356

Chapter 20: QuickBooks Pro: Estimates and Time Tracking 357

Developing Estimates	357
Customizing estimates	359
Creating multiple estimates for a single customer	360
Creating an Invoice from an Estimate	361
Creating a progress invoice from an estimate	361
Determining whether invoices have been created	364
Checking Your Actual Job Cost against the Estimate	365
Tracking Employee Time	366
QuickBooks Pro options for tracking time	366
Two ways to track time	367
Entering single activities	368
Using the internal stopwatch feature	369
Filling out weekly timesheets	369
Using the QuickBooks Pro Timer	371
Overview: Using Timer for the first time	371
Exporting lists for Timer from QuickBooks Pro	372
Setting up the Timer file and importing information	372
Charging Billable Time and Costs to Invoices	373
Viewing Time-Tracking Reports	374
Working in Multi-User Mode	375
Switching to multi-user mode	375
Setting up new users	376
Summary	376

Part V: Payroll and Taxes**379****Chapter 21: Payroll Taxes and Items 381**

Payroll Decisions You Must Make at the Outset	381
Setting Up Payroll and Employee Preferences	383
Who Is an Employee?	384
Federal Taxation Overview	385
W-4 form	386
W-2 forms and 1099 forms	386
W-5 forms	386
Forms 940 and 941	386
Payroll Item Lists and Item Types	387
Setting Up Wage Items	388
State and Local Payroll Tax Items	390
State payroll taxes	390
Local Tax Items	391
State disability insurance	392
Payroll Deduction Items	393
Payroll Addition Items	394
Company Contribution Items	395
Commission Items	396
Editing, Deleting, and Making Payroll Items Inactive	397
QuickBooks Payroll Services Available for an Additional Fee	399
Summary	400

**Chapter 22: Maintaining Employee Information
and Keeping Your Employee List Up-to-Date 401**

Employees versus Independent Contractors	401
Adding an employee	402
Employee Defaults	405
Setting up tax defaults	405
Setting up defaults for benefits and other adjustments	407
Setting up sick and vacation time employee defaults	407
Setting up wage and salary defaults	408
Entering Information for Individual Employees	409
Entering basic payroll data for one employee	410
Entering taxes for an individual employee	410
Entering sick and vacation time for one employee	411
Entering individualized payroll adjustments	411
Entering Year-to-Date Payroll Information	412
Entering year-to-date information	412
Maintaining the Employee List	413
Editing and deleting employees	413
Making an employee inactive	414
Keeping notes about employees	414
Summary	415

Chapter 23: Sales Taxes 417

Accounting for Sales Taxes	417
Setting Sales Tax Preferences	418
Sales Tax Items	420
Setting up single items	421
Creating Sales Tax Group Items	421
Charging Your Customers	423
Taxable versus nontaxable customers	423
Designating Items as taxable or nontaxable	424
Calculating tax on sales forms	425
Items with different tax rates on the same invoice	426
Viewing Your Sales Tax Liability	426
Sales Tax Liability Reports	426
Sales Tax Payable registers	427
Paying Your Sales Tax Obligations	428
Summary	429

Chapter 24: Tax Forms and Tax Payments 431

Associating Account Totals with Income Tax Forms	431
Generating Income Tax Reports and Summaries	432
Payroll Tax Forms	434
W-2 and W-3 forms	434
Reviewing W-2 forms	435
Printing W-2 forms	437
Form 941 (Employer's Quarterly Federal Tax Return)	437
Viewing your Form 941	437
Editing your Form 941	439
Data you cannot edit	439
Form 940 (Employer's Federal Income Tax Return)	439
1099 Misc Forms	440
Reviewing and printing 1099 forms	441
Paying Payroll Tax Liabilities	441
Summary	443

Chapter 25: Check Writing and Expense Recording 445

Setting Up Check Preferences	445
Writing Checks	447
Steps for writing a check	447
Entering the basic information	447
Specifying the payee	449
Entering expense detail	450
Entering item detail	452
Editing Checking Transactions	454
Voiding and Deleting Check Transactions	455
Printing Checks	455
Summary	457

Part VI: Banking and Credit Card Transactions 459**Chapter 26: Online Banking and Bill Payment 461**

Introducing Online Banking	461
Using online banking	462
Getting set up for online banking	462
Applying for online banking	462
Transactions Online versus Traditional Banking	464
Downloading Online Banking Transactions	465
Account Reconciliation and Reports	467
Matching downloaded transactions to your register	468
Correcting a mismatched or missing entry	468
Summary	469

Chapter 27: Recording Credit Card Transactions 471

Creating a Credit Card Account	471
Entering Credit Card Transactions	474
Entering the basic credit card transaction information	474
Specifying where the card was used	476
Entering the amount, type, and reference number	477
Assigning expense to specific accounts	477
Entering Item detail	478
Finishing the credit card transaction	479
Changing or Deleting a Credit Card Transaction	480
Changing a credit card transaction	480
Voiding a credit card transaction	481
Deleting a credit card transaction	481
Summary	481

Chapter 28: Analyzing Your Company's Profitability and Financial Strength 483

Using Classes to Track Income-Producing Activities	483
What are classes?	484
Profitability of categories of types of clients or jobs	484
Activating the preference option	484
Setting up classes	485
Assigning classes to Items on employee paychecks	487
Tracking classes on sales forms, registers, and purchase orders	489
Reported information by class	490
Analyzing Information by Jobs	492
Ratios to Live By	493
Working capital: How much money do you have to run your business?	494
How is your company's cash flow?	496
Your company's current ratio	497

The turnover ratio: How well are your company's products selling?	498
Debt-to-equity ratio: Does your business have too much debt?	498
Return on investment: Is the business profitable?	499
IRS Hobby Loss Rules	499
Summary	500

Chapter 29: Accounting for Fixed Assets and Other Advanced Balance Sheet Topics 501

Depreciation	501
Accounting for fixed assets and depreciation	502
Setting up fixed-asset, cost, and depreciation accounts	502
Setting up an account for accumulated depreciation	504
Acquiring fixed assets after the QuickBooks start date	505
Recording depreciation expense	506
Selling a fixed asset	507
Accounting for Borrowed Funds	508
Recording Capital Contributions	510
Recording Distributions to Owners	511
Summary	512

Chapter 30: Reports and Graphs 513

A Tour of Reports	513
The standard reports submenus	513
Reports that help you track and manage employees	519
Banking and reconciliation reports	519
Jobs, time, and mileage reports	520
Accountant and taxes	521
Budgets	522
Lists	522
Generating QuickReports	523
Report terminology	524
Report and Graph Preferences	524
Refreshing information on reports and graphs	525
Cash versus accrual	525
Aging options	526
The Modify Reports window	526
The Report Button Bar	528
Memorizing and Recalling Reports	530
Zooming In on Reports and Graphs	532
Integration with Microsoft Excel	533
The Graph QuickZoom Function	534
Summary	535

Chapter 31: Budgets 537

Setting Up Your Budget and Defining Your Goals	537
Creating a Budget	537
Creating budgets from scratch	539
Budgeting for a Customer:Job	540
Budgeting by class	541

Budget Reports	542
Creating reports from budgets	542
If You Were Overambitious: Changing a Budget	544
Summary	545

Chapter 32: Dealing with the IRS 547

How the IRS Is Set Up	547
The IRS Taxpayer Advocate Service	548
Contacting TAS	548
Taxpayer rights	548
Income Tax Return Audits	549
The screening process	549
Which returns are most likely to be audited?	550
Tips for avoiding income tax audits	551
Types of income tax audits	552
Correspondence audits	552
The office audit	552
Field audits	552
Responding to a notice	553
Decide on representation	553
Marshal your documentation	553
Exercise your rights	554
Tips for Handling Your Own Audit	554
Payroll Tax Notices	555
The payroll tax deposit match game	555
Tips on avoiding payroll tax notices	555
Responding to a payroll tax notice	556
Challenging payroll tax penalties	558
Summary	559

Chapter 33: Creating Binding Contracts with QuickBooks 561

What Is a Contract?	561
Elements of an express contract	562
Offer and acceptance	562
The element of consideration	562
Implied contracts	562
Sales of Goods under the Uniform Commercial Code	563
What contracts are covered by the UCC?	563
The battle of the forms	563
Modifying UCC terms	565
The Statute of Frauds	565
Using QuickBooks to Avoid Disputes over Contract Terms	566
Disputes arising over sales of goods	566
Disputed service contracts	567
When a Contract's Very Existence Is Challenged	569
Damaged Goods and Incorrectly Filled Orders	570
Summary	571

Part VII: Analyzing Business Performance 573

Appendix A: Your Rights as a Taxpayer 575

**Appendix B: How to Get Help with Unresolved
Tax Problems 579**

Appendix C: Protecting Taxpayers' Rights. 593

Glossary. 597
