

# Table Of Contents

**Notice ..... ii**

**Publication Information ..... iii**

**Table Of Contents ..... iv**

**Introduction ..... 1**

**Tuning Overview ..... 1**

**What Can Be Done? ..... 2**

**Optimizing Oracle Internals ..... 3**

    Database Buffer Tuning..... 3

    Database Writer Tuning..... 6

    Shared Pool Tuning ..... 8

    What is the shared pool?..... 8

    Monitoring and Tuning the Shared Pool ..... 10

    Putting it All In Perspective..... 17

    What to Pin ..... 22

    The Shared Pool and MTS..... 24

        Large Pool Sizing ..... 25

    A Matter Of Hashing ..... 26

    Monitoring Library and Data Dictionary Caches ..... 30

**In Summary ..... 32**

    Tuning Checkpoints..... 33

    Tuning Redo Logs ..... 34

    Redo Log Sizing ..... 35

    Tuning Rollback Segments..... 38

|                                                         |           |
|---------------------------------------------------------|-----------|
| Tuning Oracle Sorts .....                               | 42        |
| <b>Optimizer Modes .....</b>                            | <b>44</b> |
| <b>Tuning the Multi-part Oracle8 Buffer Cache .....</b> | <b>45</b> |
| Use of the Default Pool.....                            | 45        |
| Use of The KEEP Pool .....                              | 45        |
| Use of the RECYCLE Pool .....                           | 46        |
| Tuning the Three Pools.....                             | 46        |
| Adding Resources.....                                   | 47        |
| <b>Tuning Tables and Indexes .....</b>                  | <b>48</b> |
| Table Rebuilds.....                                     | 48        |
| Rebuilding Indexes.....                                 | 49        |
| Adjusting Index Cost in Oracle8 .....                   | 52        |
| Bitmapped Index Usage* .....                            | 52        |
| Function Based Indexes.....                             | 55        |
| Reverse Key Indexes .....                               | 57        |
| Index Organized Tables.....                             | 58        |
| Partitioned Tables and Indexes.....                     | 59        |
| Partitioned Indexes .....                               | 61        |
| <b>Parallel Query.....</b>                              | <b>62</b> |
| <b>Oracle8 Enhanced Parallel DML .....</b>              | <b>62</b> |
| <b>Managing Multiple Buffer Pools in Oracle8 .....</b>  | <b>66</b> |
| Use of the Default Pool.....                            | 66        |
| Use of The KEEP Pool .....                              | 66        |
| Use of the RECYCLE Pool .....                           | 67        |
| Sizing the Default Pool.....                            | 67        |
| Sizing the Keep Pool .....                              | 67        |
| Sizing the Recycle Pool .....                           | 68        |
| Tuning the Three Pools.....                             | 68        |

|                                                               |           |
|---------------------------------------------------------------|-----------|
| <b>Using Outlines in Oracle8i .....</b>                       | <b>69</b> |
| Creation of a OUTLINE object .....                            | 70        |
| Altering a OUTLINE .....                                      | 71        |
| Dropping an OUTLINE .....                                     | 72        |
| Use of the OUTLN_PKG To Manage SQL Stored Outlines .....      | 72        |
| DROP_UNUSED .....                                             | 72        |
| DROP_BY_CAT .....                                             | 73        |
| UPDATE_BY_CAT .....                                           | 74        |
| <b>Summary .....</b>                                          | <b>75</b> |
| <b>Using Oracle8i Resource Plans and Groups .....</b>         | <b>76</b> |
| Creating a Resource Plan .....                                | 76        |
| DBMS_RESOURCE_MANAGER Package .....                           | 82        |
| DBMS_RESOURCE_MANAGER Procedure Syntax .....                  | 84        |
| Syntax for the CREATE_PLAN Procedure: .....                   | 84        |
| Syntax for the UPDATE_PLAN Procedure: .....                   | 84        |
| Syntax for the DELETE_PLAN Procedure: .....                   | 85        |
| Syntax for the DELETE_PLAN Procedure: .....                   | 85        |
| Syntax for the CREATE_RESOURCE_GROUP Procedure: .....         | 85        |
| Syntax for the UPDATE_RESOURCE_GROUP Procedure: .....         | 85        |
| Syntax for the DELETE_RESOURCE_GROUP Procedure: .....         | 86        |
| Syntax for the CREATE_PLAN_DIRECTIVE Procedure: .....         | 86        |
| Syntax for the UPDATE_PLAN_DIRECTIVE Procedure: .....         | 87        |
| Syntax for the DELETE_PLAN_DIRECTIVE Procedure: .....         | 88        |
| Syntax for CREATE_PENDING_AREA Procedure: .....               | 88        |
| Syntax of the VALIDATE_PENDING_AREA Procedure: .....          | 88        |
| Usage Notes For the Validate and Submit Procedures: .....     | 89        |
| Syntax of the CLEAR_PENDING_AREA Procedure: .....             | 89        |
| Syntax of the SUBMIT_PENDING_AREA Procedure: .....            | 90        |
| Syntax of the SET_INITIAL_CONSUMER_GROUP Procedure: .....     | 90        |
| Syntax of the SWITCH_CONSUMER_GROUP_FOR_SESS Procedure: ..... | 90        |
| Syntax of the SWITCH_CONSUMER_GROUP_FOR_USER Procedure: ..... | 91        |
| DBMS_RESOURCE_MANAGER_PRIVS Package .....                     | 91        |
| DBMS_RESOURCE_MANAGER_PRIVS Procedure Syntax .....            | 91        |
| Syntax for the GRANT_SYSTEM_PRIVILEGE Procedure: .....        | 91        |
| Syntax for the REVOKE_SYSTEM_PRIVILEGE Procedure: .....       | 92        |
| Syntax of the GRANT_SWITCH_CONSUMER_GROUP Procedure: .....    | 92        |
| Usage Notes .....                                             | 93        |
| Syntax of the REVOKE_SWITCH_CONSUMER_GROUP Procedure: .....   | 93        |
| Usage Notes .....                                             | 93        |
| Section Summary .....                                         | 94        |
