Introduction xix

Part I: The Mashup-Friendly Web

Chapter 1: Web 2.0 and del.icio.us 3

Enter del.icio.us 3
Organizing Your Bookmarks 4
Using Bookmarklets 6
Socializing with Other del.icio.us Users 7
Exploring the del.icio.us Community 9
Summary 10
Exercises 10

Chapter 2: del.icio.us and the Mashup 11

del.icio.us: A Mashup Pioneer 11
RSS Feeds for (Almost) Every Page 11
An RSS Feed Example 12
RSS Feed Readers 13
The Application Programming Interface (API) 18
Summary 21
Exercises 21

Chapter 3: Going Deeper Inside the del.icio.us API 23

del.icio.us as a Subsystem 23
Protocols 24
RESTful Call and Response 25
WWW-Authenticate and Other Headers 27
Other Rules and Regulations 28
The del.icio.us API Methods 29
/posts/update 30
The posts Family 30
Tags 35
Bundles 36

Language-Specific API Libraries 39
RSS versus API 40
Summary 40
Exercises 40

Chapter 4: Other Mashable Software 41

Flickr 41
Yahoo! Search 44
Amazon Web Services 45
eBay 46
Google Search 48
WordPress 49
Firefox Extensions 50
Summary 51
Exercises 52

Part II: Get Ready to Mash

Chapter 5: Mashup Tools 55

Understanding Editors 55
Setting Up a Web-Development Environment 56
Setting Up a Windows Web-Development Environment 57
Setting Up a Mac OS X Web-Development Environment 60
Installing phpMyAdmin 65
Setting Up a Weblog 67
Accounts and API Keys 71
Summary 71
Exercises 72

Chapter 6: More Mashup Technologies 73

Web Development Technologies: HTML, XHTML, and CSS 73
JavaScript and the Document Object Model API 74
PHP with XHTML 80
Data Storage and Transfer with PHP 85
MySQL 85
XML Parser and Magpie RSS 96
REST 104
XML-RPC 108
JSON 112

Other Methods and Software 113
AJAX and SAJAX 113
PHP Command-Line Scripting and Crontabs 117
Greasemonkey 118
Firefox Extensions 119
Summary 120
Exercises 120

Chapter 7: del.icio.us Mashup Techniques 121

A Deliciously Simple JSON Remix 121
Using PHP and MySQL for Full-Bodied Flavor 131
Taking It to the Desktop 158
Summary 160
Exercises 160

Part III: Mashups and Remixes

Chapter 8: Mashing del.icio.us and WordPress 165

Sharing Your Daily Discoveries 166
Spreading Your Ideas 173
Tracking Your Popularity 174
Combining Relevant Bookmarks 175
Using the Del.icio.us Play Tagger for Your MP3 Links 181
Summary 183
Exercises 184

Chapter 9: Remixing del.icio.us with Greasemonkey 185

Greasemonkey Explained 185
Skinning del.icio.us 186
Customizing the del.icio.us User Interface 190
Fetching Remote Data 193
Summary 196
Exercises 197

Chapter 10: Remixing RSS Feeds 199

Cleaning Up Tag Feeds 199
Media Tag Remix: An Image Feed Slideshow 211
Media Tag Remix: An MP3 Jukebox 220

Summary 225
Exercises 226

Chapter 11: Mashing It Up with Web Services 227

The HotJobs, eBay, and Flickr Autobookmarking Scripts 228
Amazon: Caching Pages with S3 248
Summary 260
Exercises 261

Part IV: Mashups Applied: A Research Project Hub

Chapter 12: Collecting References with a Custom Firefox Plug-In 265

Starting a Firefox Extension 267
Creating the Rally Poster User Interface 278
Completing the Rally Poster Extension 284
Deploying the Rally Poster Extension 288
Summary 289
Exercises 289

Chapter 13: Aggregating, Organizing, and Displaying Your Research 291

Basic Page Layout 291
Adding Styles 299
Adding a Quick Posting Form 307
Summary 309
Exercises 309

Chapter 14: Bringing in Other Web Services 311

Adding a Calendar 312
Implementing Maps 317
Summary 330
Exercises 330

Chapter 15: Managing Incoming Links 331

Part V: Looking Forward with del.icio.us

Chapter 16: New and Different Directions 341

Desktop, Web, and Mobile Clients 341
New Perspectives on del.icio.us Data 342
Effective Mashups 343
The Future of del.icio.us 343
Summary 344

Appendix A: Exercise Answers 345

Appendix B: Sympathy for the API-Enabled Web Services 361

Index 365
