

CONTENTS

Preface	vii
Introduction	1
Target Audience	3
The Structure of This Book	5
Chapter 1 Agility and Coherence: A Conflict of Interests?	9
Potential of Information Technology	11
Using IT: A Problem in the Making?	12
Agility and Coherence	14
Increasing Tension	16
The Challenge	21
Chapter 2 Agility and Coherence Considered Separately	23
Different Answers to Different Questions	25
Increasing Agility: New Development Methods	25
Increasing Coherence: Architectural Awareness	28
One Answer to Both Questions: Dynamic Architecture	32
Chapter 3 Dynamic Architecture	35
Wanted: Agile Architecture	37
Architecture: A Multifaceted Concept	37
Dynamic Architecture: Architecture Aimed at Agility	42
Enabling Change	44
Quickly Achieving Business Objectives: DYA	49

Chapter 4 The DYA Model	51
Making It Work	53
Ten Principles of DYA	53
DYA: A Theoretical and Working Model	56
The Model and the Principles	63
How to Use the Model	65
Filling in the Model	68
 Chapter 5 Strategic Dialogue	 71
Crisis at WWW-TeleBel	73
Strategic Dialogue: Doing the Right Things	74
Determining Business Cases	74
Elaborating Business Cases	81
Strategic Dialogue: Coherence and Agility	88
Intermezzo: The Business Case for WWW-TeleBel	88
 Chapter 6 Architectural Services	 99
Architectural Ups and Downs at TeleBel	101
Architectural Services: Doing Things Properly	102
Maintaining an Overview with the Architectural Framework	103
Architectural Services Supports the Strategic Dialogue	110
Architectural Services Supports the Development	119
Architectural Team	121
Architectural Services: Coherence and Agility	127
Intermezzo: WWW-TeleBel's Project-Start Architecture	128
 Chapter 7 Development with(out) Architecture	 137
WWW-TeleBel One Year Later	139
Development with(out) Architecture: Doing the Right Things the Right Way	140
Three Development Strategies	141
Anticipative Strategy	144
Offensive Strategy and Defensive Strategy	153
Project Team	157
Maintenance with(out) Architecture	159

Development with(out) Architecture: Coherence and Agility	161
Intermezzo I: A Building Permit for WWW-TeleBel	162
Intermezzo II: A Management Letter for WWW-TeleBel	166
Chapter 8 Governance	171
Deadlock for TeleBel	173
Successful Processes Do Not Just Happen	174
Responsibilities and Authorities	175
Coordination of Developments	183
Monitoring	185
Processes Also Require Maintenance	187
Governance: Coherence and Agility	195
Intermezzo: Embedding Dynamic Architecture at TeleBel	195
Conclusion	201
Appendices	
Appendix A Technique for Interactive Process Design	209
Appendix B Information Economics	217
Appendix C Architecture Maturity Model and Dynamic Architecture	223
Glossary	231
Bibliography	241
Index	245
