Foreword . . . . .	ix
Preface . . . . .	xi
Acknowledgments . . . . .	xv

## **Part I: Getting Started with Premiere Pro 1**

<b>Chapter 1: Premiere Pro Quickstart . . . . .</b>	<b>3</b>
What You Can Do with Premiere Pro . . . . .	3
How Premiere Pro Works . . . . .	4
Your First Video Production . . . . .	6
Starting a Premiere Pro project . . . . .	6
Assembling production elements . . . . .	12
Trying out the Timeline window . . . . .	13
Expanding tracks . . . . .	14
Creating a transition . . . . .	20
Exporting your first movie . . . . .	23
<b>Chapter 2: Premiere Pro Basics . . . . .</b>	<b>27</b>
Premiere Pro's Windows . . . . .	27
Manipulating Premiere Pro windows . . . . .	28
The Project window . . . . .	28
The Timeline window . . . . .	30
The Monitor window . . . . .	32
The Audio Mixer window . . . . .	33
The Effects window . . . . .	34
The Effect Controls window . . . . .	36
Premiere Pro's Floating Palettes . . . . .	37
The Tools palette . . . . .	37
The History palette . . . . .	38
The Info palette . . . . .	38
The Menus . . . . .	39
The File menu . . . . .	39
The Edit menu . . . . .	41
The Project menu . . . . .	42
The Clip menu . . . . .	43
The Sequence menu . . . . .	44

The Marker menu . . . . .	45
The Title menu . . . . .	46
The Window menu . . . . .	46
The Help menu . . . . .	47
<b>Chapter 3: Customizing Premiere Pro . . . . .</b>	<b>49</b>
Creating Keyboard Shortcuts . . . . .	49
Changing Application keyboard preferences . . . . .	49
Changing Premiere Pro Windows keyboard preferences . . . . .	50
Changing Tools keyboard preferences . . . . .	51
Saving and loading custom commands . . . . .	52
Setting Program Preferences . . . . .	52
General . . . . .	53
Audio . . . . .	54
Audio Hardware . . . . .	54
Auto Save . . . . .	54
Capture . . . . .	56
Device Control . . . . .	56
Label Colors and Label Defaults . . . . .	57
Scratch Disks . . . . .	57
Still Images, Titler, and Trim . . . . .	58
<b>Chapter 4: Working with Project Settings . . . . .</b>	<b>59</b>
What Is Digital Video? . . . . .	59
Digital video essentials . . . . .	61
Compression . . . . .	63
Understanding Project Settings . . . . .	65
General settings . . . . .	68
Video rendering . . . . .	72
Default Sequence . . . . .	73
<b>Chapter 5: Capturing Video and Audio . . . . .</b>	<b>75</b>
Getting Started . . . . .	75
Making the right connection . . . . .	77
Starting the Capture Process . . . . .	77
Reviewing default capture settings . . . . .	78
Capture window settings . . . . .	82
Capturing Video in the Capture Window . . . . .	84
Capturing with device control . . . . .	85
Performing a batch capture . . . . .	88
Capturing using a batch list . . . . .	90
Adding Timecode to a Clip . . . . .	91
Capturing Audio . . . . .	92

**Part II: Editing with Premiere Pro****95****Chapter 6: Using the Timeline and Sequences . . . . . 97**

Touring the Timeline . . . . .	97
Timeline ruler options . . . . .	98
Timeline track icons and options . . . . .	101
Audio track icons and options . . . . .	103
Track Commands . . . . .	104
Using Multiple Sequences . . . . .	105
Creating a new sequence . . . . .	106
Nesting sequences . . . . .	107

**Chapter 7: Basic Editing with the Timeline and Monitor Windows . . . . . 109**

Basic Editing Concepts and Tools . . . . .	110
The workspace . . . . .	110
Getting Started . . . . .	111
Working with the Monitor Window . . . . .	112
Trimming clips in the Monitor window . . . . .	114
Choosing clips in the Monitor window . . . . .	115
“Taking” audio and/or video . . . . .	116
Editing in the Timeline . . . . .	116
Automate to Sequence . . . . .	116
Selecting and moving clips in the Timeline . . . . .	118
Grouping clips . . . . .	119
Setting In and Out Points in the Timeline Window . . . . .	120
Using the Selection tool to set in and out points . . . . .	120
Creating insert and overlay edits by clicking and dragging . . . . .	120
Editing with Sequence Markers . . . . .	124

**Chapter 8: Editing Audio . . . . . 127**

What Is Sound? . . . . .	127
Timeline Audio Tracks . . . . .	128
Playing a Sound Clip . . . . .	130
Using Audio Units . . . . .	131
Unlinking audio and editing it in the Monitor window . . . . .	132
Gaining, Fading, and Balancing . . . . .	133
Adjusting sound volume using the Gain command . . . . .	133
Fading track sound . . . . .	134
Balancing stereo in the Timeline . . . . .	136

Creating Transitions Using Audio Effects . . . . .	137
Creating bins in the Effects window . . . . .	138
Applying audio transitions . . . . .	138
Applying an audio effect . . . . .	140
Applying an audio effect over time . . . . .	141
Premiere Pro's audio effects . . . . .	142
Exporting Sound Files . . . . .	150
<b>Chapter 9: Mixing and Creating Effects with the Audio Mixer . . . .</b>	<b>151</b>
Audio Mixer Tour . . . . .	152
Automation . . . . .	153
The Mute, Solo, and Record buttons . . . . .	154
The Pan and Balance controls . . . . .	155
Volume . . . . .	155
Playback . . . . .	155
Audio Mixer menu . . . . .	156
Effects and Sends options . . . . .	156
Choosing Audio Effects . . . . .	156
Effects Sends area . . . . .	156
Mixing Audio . . . . .	157
Automation settings . . . . .	158
Creating a mix . . . . .	159
Panning and Balancing . . . . .	160
Creating Effects Using the Audio Mixer . . . . .	162
Removing effects . . . . .	162
Bypassing an effect . . . . .	162
Creating a Submix . . . . .	163
Audio Processing Order . . . . .	166
<b>Chapter 10: Creating Transitions . . . . .</b>	<b>169</b>
Touring the Video Transitions Folder . . . . .	169
Navigating within the Video Transitions folder . . . . .	170
Applying a transition in Single-Track editing mode . . . . .	171
Editing transitions . . . . .	177
Creating interesting animated graphic backgrounds using video transitions . . . . .	180
Transitions Review . . . . .	183
3D Motion . . . . .	184
Dissolve . . . . .	187
Iris . . . . .	188
Map transitions . . . . .	190
Page Peel . . . . .	190
Slide . . . . .	191

Special Effects . . . . .	195
Stretch transitions . . . . .	196
Wipe transitions . . . . .	197
Zoom transitions . . . . .	202

## Part III: Working with Type and Graphics 205

### Chapter 11: Creating Titles and Graphics with Adobe Title Designer . . . . . 207

Exploring the Adobe Title Designer Window . . . . .	208
Creating a simple title . . . . .	208
Touring the Adobe Title Designer window tools . . . . .	211
Using the Title menu . . . . .	212
Saving, Closing, and Opening a Title File . . . . .	213
Creating and Stylizing Type . . . . .	214
Using the Horizontal and Vertical Type tools . . . . .	214
Moving text onscreen . . . . .	216
Changing text attributes . . . . .	218
Using Color . . . . .	221
Choosing color with the Color Picker . . . . .	222
Understanding RGB colors . . . . .	223
Choosing color using the Eyedropper tool . . . . .	224
Applying solid colors to text and graphics . . . . .	225
Applying highlights and textures with text and graphic objects . . . . .	226
Creating and applying gradients to text and graphics . . . . .	228
Creating and applying bevels to text and graphic objects . . . . .	230
Applying shadows to text and graphics . . . . .	231
Applying strokes to text and graphics . . . . .	232
Using Styles . . . . .	233
Loading and applying styles . . . . .	234
Renaming, deleting, and changing style swatch . . . . .	234
Placing a Title in a Project . . . . .	235
Adding a Background to a Title Clip . . . . .	236
Working with Logos . . . . .	239
Using Templates . . . . .	241
Using a Title Created from a Template . . . . .	242
Rolling and Crawling Titles . . . . .	248
Creating Basic Graphics . . . . .	250
Transforming Graphics . . . . .	251
Moving graphic objects . . . . .	251
Resizing graphic objects . . . . .	251

Stylizing Graphic Objects . . . . .	252
Changing the fill color . . . . .	252
Adding a shadow . . . . .	253
Applying a stroke . . . . .	253
Working with the Bézier Tools . . . . .	253
Creating Text on a Bézier Path . . . . .	260
Creating a Logo . . . . .	261

## **Chapter 12: Creating Type and Graphic Effects . . . . . 265**

Creating and Importing Graphics from Adobe Photoshop . . . . .	265
Creating a digital movie of warped text using Photoshop, ImageReady, and Premiere Pro . . . . .	266
Creating a digital movie using Adobe Photoshop and ImageReady . . . . .	272
Creating Semitransparent Text . . . . .	279
Creating beveled text in Photoshop . . . . .	279
Creating the Zoo project . . . . .	280
Using Video Effects to Animate Adobe Illustrator Type and Graphics . . . . .	282
Creating curved text in Adobe Illustrator . . . . .	282
Creating a graphic in Adobe Illustrator . . . . .	284
Creating the Hurricane Season project . . . . .	285
Animating Titles over Graphics by Using Motion and the Alpha Adjust Invert Option . . . . .	287

## **Part IV: Advanced Techniques and Special Effects 291**

### **Chapter 13: Advanced Editing Techniques . . . . . 293**

Editing Utilities . . . . .	293
Undoing edits with the History palette . . . . .	294
Cutting and pasting clips . . . . .	295
Removing sequence gaps . . . . .	297
Unlinking and linking audio and video . . . . .	297
Editing Clips with the Tool Palette Tools . . . . .	298
Creating a rolling edit . . . . .	299
Creating a ripple edit . . . . .	300
Creating a slip edit . . . . .	302
Creating a slide edit . . . . .	302
Creating a Three- or Four-Point Edit . . . . .	304
Performing a three-point edit . . . . .	304
Performing a four-point edit . . . . .	307
Performing Lift and Extract Edits . . . . .	307
Fine-Tuning Edits Using Trim Window . . . . .	308
Creating Duplicate Clips . . . . .	311

Editing a Clip Using Clip Commands . . . . .	312
Using the Duration and Speed commands . . . . .	312
Using the Frame Hold command . . . . .	313
<b>Chapter 14: Using Video Effects . . . . .</b>	<b>315</b>
Exploring the Video Effects . . . . .	316
Navigating within the video effects . . . . .	316
The Effect Controls window . . . . .	317
The Effect Controls menu . . . . .	318
Applying a Video Effect . . . . .	318
Applying a video effect to a clip with an alpha channel . . . . .	321
Using Video Effects with Keyframes . . . . .	324
The keyframe track . . . . .	324
Superimposing Video Clips Using the Keying Video Effects . . . . .	329
Applying Effects to Different Image Areas Using the Image Matte	
Keying Effect . . . . .	331
Touring Premiere Pro's Video Effects . . . . .	333
The Adjust folder . . . . .	334
The Blur & Sharpen folder . . . . .	337
The Channel folder . . . . .	339
The Distort folder . . . . .	339
The Image Control folder . . . . .	347
The Perspective folder . . . . .	351
The Pixelate folder . . . . .	352
The Render folder . . . . .	353
The Stylize folder . . . . .	354
The Time folder . . . . .	360
The Transform folder . . . . .	361
The Video folder . . . . .	365
<b>Chapter 15: Superimposing . . . . .</b>	<b>367</b>
Fading Video Tracks . . . . .	368
Adding opacity handles with the Pen tool . . . . .	370
Adjusting the Opacity rubberband line using the Pen tool . . . . .	372
Setting opacity keyframes using the Effect Controls window	
and the Timeline window . . . . .	374
Superimposing Tracks Using the Keying Effects . . . . .	376
Displaying the Keying effects . . . . .	376
Applying Keying effects using keyframes . . . . .	377
Chrome Key . . . . .	379
RGB Difference Key . . . . .	381
Blue Screen and Green Screen keys . . . . .	383
Non Red Key . . . . .	387
Luma Key . . . . .	388
Alpha Adjust . . . . .	388

Image Matte Key . . . . .	392
Difference Matte Key . . . . .	393
Track Matte Key . . . . .	393
Multiply and Screen Key . . . . .	394
Garbage Matte . . . . .	394
Remove Matte . . . . .	398
<b>Chapter 16: Using Color Mattes and Backdrops . . . . .</b>	<b>399</b>
Creating a Color Matte . . . . .	399
Creating a color matte from the Project window . . . . .	401
Editing a color matte . . . . .	402
Creating a Backdrop from a Still Frame . . . . .	402
Creating Background Mattes in Photoshop . . . . .	404
Creating simple backgrounds with the Gradient tool . . . . .	404
Orchid Flower Shop project . . . . .	407
Creating background patterns with the Pattern command . . . . .	411
Creating Background Mattes in Illustrator . . . . .	414
Flowers Everywhere project . . . . .	416
Creating Backgrounds with Corel Painter . . . . .	418
<b>Chapter 17: Creating Motion Effects in Premiere Pro . . . . .</b>	<b>423</b>
Touring the Motion Effects Options in the Effect Controls window . . . . .	423
Setting keyframes to create motion effects using the Effect Controls window . . . . .	427
Using the Timeline Window to Preview and Add Keyframes . . . . .	430
Editing Motion Paths . . . . .	431
Moving a keyframe point . . . . .	431
Deleting keyframe points . . . . .	433
Copying and pasting keyframe points . . . . .	433
Changing a motion path's speed . . . . .	433
Changing opacity . . . . .	434
Applying special effects . . . . .	434
Using a Clip with an Alpha Channel . . . . .	435
Creating Traveling Mattes . . . . .	436
Creating Motion Settings Projects . . . . .	439
Creating a presentation . . . . .	439
Animating a book cover . . . . .	444
<b>Chapter 18: Enhancing Video . . . . .</b>	<b>447</b>
The RGB Color Model . . . . .	447
The Adjust effects . . . . .	450
Changing brightness and contrast . . . . .	450

Changing levels . . . . .	450
Using other Adjust filters . . . . .	452
The Image Control effects . . . . .	453
Balancing colors . . . . .	453
The Video folder effects . . . . .	460
Retouching and Color Correcting with Photoshop . . . . .	461
Loading a video clip into Photoshop . . . . .	462
Using Selections in Photoshop . . . . .	465
Selecting a color range . . . . .	466
Saving selections to alpha channels . . . . .	466
Using Photoshop's Image Adjust Commands . . . . .	467
Using the Info palette . . . . .	468
Brightness/Contrast . . . . .	468
Levels . . . . .	468
Curves . . . . .	469
Variations . . . . .	470
Hue/Saturation . . . . .	471
Color Balance . . . . .	472
Using Photoshop to add and delete people from video clips . . . . .	473

## **Part V: Outputting Digital Video from Premiere Pro 477**

### **Chapter 19: Exporting AVI, QuickTime, and MPEG Movies . . . . . 479**

Beginning the Export Process . . . . .	480
Changing Export Settings . . . . .	481
Changing Video Settings . . . . .	482
Choosing a QuickTime compressor . . . . .	482
Choosing a Video for Windows compressor . . . . .	484
Changing bit depth . . . . .	485
Choosing quality . . . . .	485
Choosing a data rate . . . . .	485
Setting recompression . . . . .	486
Changing frame rates and frame size . . . . .	486
Specifying keyframes . . . . .	486
Changing Audio Settings . . . . .	487
Choosing QuickTime audio CODECs . . . . .	488
Choosing Video for Windows audio CODECs . . . . .	489
Exporting MPEG Files . . . . .	489
Using the Adobe Media Encoder . . . . .	490
Completing the MPEG export . . . . .	491
Burning a DVD . . . . .	492

<b>Chapter 20: Outputting to the Web and Intranets . . . . .</b>	<b>495</b>
Web Delivery Options . . . . .	495
Streaming video . . . . .	496
Progressive download . . . . .	496
Web File Formats . . . . .	497
Understanding HTML . . . . .	498
How a movie is loaded onto a Web page . . . . .	498
QuickTime settings for Web pages . . . . .	500
Loading Streaming Video on a Web Page . . . . .	501
Windows Media . . . . .	501
RealVideo streaming . . . . .	502
QuickTime streaming . . . . .	502
Placing a QuickTime Movie in a Web Page with Adobe GoLive . . . . .	503
Using QuickTime Tracks for the Web . . . . .	507
Creating a Web link in Premiere Pro . . . . .	507
Using Adobe GoLive to edit and create QuickTime tracks . . . . .	508
Changing location and creating simple behaviors . . . . .	515
<b>Chapter 21: Exporting Video to the Web . . . . .</b>	<b>519</b>
Encoding Terms . . . . .	519
Windows Media Format . . . . .	520
Exporting to Windows Media format . . . . .	521
Using QuickTime Streaming . . . . .	524
Choosing a QuickTime media format . . . . .	525
Using metadata . . . . .	527
Creating the QuickTime export file . . . . .	528
Exporting to RealMedia Format . . . . .	529
Creating the RealMedia export file . . . . .	530
<b>Chapter 22: Exporting to Videotape . . . . .</b>	<b>533</b>
Preparing to Export Video . . . . .	533
Adding black video, color bars, and tone . . . . .	533
Checking project settings . . . . .	535
Checking device control settings . . . . .	536
Setting digital video playback options . . . . .	536
Exporting with Device Control . . . . .	538
Exporting using DV device control . . . . .	538
Exporting without Device Control . . . . .	539
Exporting to AAF Format . . . . .	540

<b>Chapter 23: Outputting to CD-ROM, Macromedia Director, and Macromedia Flash</b> . . . . .	<b>541</b>
Exporting Premiere Pro Movies to CD-ROM . . . . .	542
Output settings for CD-ROM . . . . .	542
Using Macromedia Director . . . . .	544
Director overview . . . . .	544
Importing Premiere Pro movies into Director . . . . .	545
Changing movie properties . . . . .	546
Placing the movie onstage . . . . .	547
Using Lingo . . . . .	548
Using Macromedia Flash with Premiere Pro Movies . . . . .	552
The Flash production process . . . . .	552
Integrating Premiere Pro movies into Flash . . . . .	553
Creating an ActionScript . . . . .	555

## Part VI: Premiere Pro and Beyond

557

<b>Chapter 24: Using Adobe Encore to Create DVDs</b> . . . . .	<b>559</b>
Touring Encore DVD . . . . .	560
The Project window and its tabs . . . . .	560
The Timeline window and Menu Editor window . . . . .	562
Importing source video and audio . . . . .	563
Using menu templates . . . . .	564
Editing the menu . . . . .	565
Creating button links . . . . .	566
Examining the Timeline . . . . .	567
Previewing the DVD . . . . .	568
Burning the DVD . . . . .	568
 <b>Chapter 25: Customizing DVD Screens and Navigation in Adobe Encore DVD</b> . . . . .	 <b>571</b>
Creating Menus and Buttons from Still Images . . . . .	571
Creating menus from scratch . . . . .	572
Adding buttons to the menu . . . . .	574
Menu Editor controls . . . . .	574
Using Color Sets for Menus and Buttons . . . . .	575
Changing menu color sets . . . . .	576
Choosing highlight groups for subpictures . . . . .	576

Creating and Using Timelines . . . . .	577
Adding a chapter point to the Timeline . . . . .	578
Naming chapter points . . . . .	579
Customizing Navigation . . . . .	579
Setting First Play disc links . . . . .	580
Setting menu display time and looping . . . . .	581
Setting button navigation . . . . .	581
Setting Timeline Navigation . . . . .	582
<b>Chapter 26: Trimming Clips in After Effects . . . . .</b>	<b>585</b>
Trimming in After Effects: What's It All About? . . . . .	586
Creating an After Effects project . . . . .	586
Trimming Using the Timeline Window . . . . .	588
Trimming with the layer duration bar . . . . .	588
Trimming with the current-time indicator . . . . .	589
Trimming Using the Layer Window . . . . .	589
Exporting Your Adobe After Effects Files . . . . .	591
Exporting a QuickTime movie from After Effects . . . . .	591
Exporting an image sequence from After Effects . . . . .	592
The Make Movie command . . . . .	593
Importing After Effects Files into Premiere Pro . . . . .	595
<b>Chapter 27: The Photoshop Connection . . . . .</b>	<b>597</b>
Exporting a Premiere Pro Frame to Photoshop . . . . .	597
Importing a still frame from Premiere Pro into Photoshop . . . . .	599
Exporting an After Effects Frame to Photoshop . . . . .	600
Creating and Importing a Photoshop Sequence File into Premiere Pro . . . . .	601
Creating a Photoshop File with an Alpha Channel . . . . .	605
Placing a Photoshop alpha channel file into a Premiere Pro project . . . . .	607
<b>Chapter 28: Using Adobe Premiere Pro and Adobe Illustrator . . . . .</b>	<b>613</b>
Working with Illustrator Type . . . . .	613
Converting Illustrator type to path outlines . . . . .	617
Editing path outlines . . . . .	618
Using an Illustrator Text Shape in a Premiere Pro Project . . . . .	620
Creating Masks in Illustrator . . . . .	623
Importing an Illustrator File as a Mask . . . . .	629
Creating a Mask Using Photoshop and Illustrator . . . . .	630
<b>Chapter 29: Working with Masks in Adobe After Effects 6.0 . . . . .</b>	<b>635</b>
After Effects Masks: An Overview . . . . .	636
Creating Oval and Rectangle Masks . . . . .	636
Editing a Mask with the Layer Window, Layer Menu, and Timeline Window . . . . .	639

Creating a Bézier Mask . . . . .	642
Animating a Mask with the Timeline Window . . . . .	646
Importing Masks from Illustrator or Photoshop . . . . .	648
Using Illustrator Paths as Masks . . . . .	650

## **Chapter 30: Adding Special Effects in Adobe After Effects . . . . . 651**

How After Effects Works . . . . .	651
Importing Premiere Pro Projects . . . . .	652
Importing and Animating Photoshop Files . . . . .	653
Importing and Animating Illustrator Files . . . . .	656
Creating and Animating Type Using After Effects . . . . .	659
Working with Motion Paths . . . . .	664
Animating with anchor points . . . . .	664
Animating with Sketch a Motion . . . . .	665
Creating a Composite Video Clip . . . . .	667

## **Part VII: Appendixes**

671

### **Appendix A: What's on the DVD . . . . . 673**

System Requirements . . . . .	673
Using the DVD with Windows XP . . . . .	674
What's on the DVD . . . . .	674
Troubleshooting . . . . .	676

### **Appendix B: Places to Visit on the Web . . . . . 677**

Software . . . . .	677
General Resources . . . . .	678
Hardware . . . . .	679
Stock Image, Sound, and Video Clips . . . . .	681

### **Appendix C: Licensing QuickTime . . . . . 683**

### **Appendix D: The Digital Video Recording Studio . . . . . 685**

Computers . . . . .	685
Peripheral Storage Devices . . . . .	688
Analog Capture Boards . . . . .	689
Digital Video Cameras . . . . .	690
Lenses . . . . .	690
Microphones . . . . .	691
Lighting . . . . .	693

Index . . . . .	695
-----------------	-----
