

CONTENTS - TECHNICS 2012

NEW MATERIALS

Review paper

- Zoran Stojanović, Smilja Marković, **Determination of Particle Size Distribution by Laser Diffraction** 11

OUR CIVIL ENGINEERING

Professional papers

- Branko Božić, Slobodan Ašanin, Zagorka Gospavić, Branko Milovanović, **The main Design of Horizontal Displacement Monitoring Using Geodetic Methods in the Area of „Nova Kolubara“ River near the Surface Excavation „Tamnava – Istocno polje“** 23
- Aleksandar Božović, **Influence of Contemporaneous Tectonic Movements on Large Dams** 30

MINING, GEOLOGY AND METALLURGY

Original scientific paper

- Aleksandar Kostić, **Petroleum Generation in the Southeastern Part of the Pannonian Basin (Serbia)** 43

MECHANICAL ENGINEERING

Original scientific papers

- Mirko Dinulović, Boško Rašuo **Analysis of the Stress-strain State at the Free Edges of Composite Laminates** 51
- Dalibor Stević, **Mathematical Modeling of the Recuperative Heat Exchangers: Physical Discretization and Geometric Optimization** 59

ELECTRICAL ENGINEERING

Original scientific paper

- Velimir Šćepanović, **DSL Access in Star Quad LF Network the Causes of Binary Data Flow Limitations** 69

TRANSPORT

Professional paper

- Ivana Tašić, **Planning Traffic for Emergency Situations** 81

MANAGEMENT

Original scientific papers

- Petar Jovanović, Danka Milojković, Filip Jovanović, **Project Risk Management Methodology** 95
- Miroslav Radojičić, Zoran Nešić, Dragiša Randić, **Some Possibilities of Multicriteria Optimization in Production Planning** 101

QUALITY IMS, STANDARDIZATION AND METROLOGY

Original scientific paper

- Milan Ivanović, Vidosav Majstorović, **Developed Knowledge-bases System for Quality Management Level Assessment** 109

Review paper

- Wolfgang Schütt, Mirjana Drpić, **New Regulations for the Building Sector Cooperations Between Ministry of Environment and Spatial Planning, Serbian sector experts, Serbian sector association and institutions of the EU countries** 124
