

About the CD-ROM

For your use, this book includes a Supplemental CD-ROM, which contains a variety of informational aids to complement the book content:

- The Microsoft Press Readiness Review Suite Powered by MeasureUp. This suite of practice tests and objective reviews contains questions of varying degrees of complexity and offers multiple testing modes. You can assess your understanding of the concepts presented in this book and use the results to develop a learning plan that meets your needs.
- An electronic version of this book (eBook). For information about using the eBook, see the section titled “The eBook” later in this introduction.
- An eBook of the *Microsoft Encyclopedia of Security* provides complete and up-to-date reference material for security.

A second CD-ROM contains a 180-day evaluation edition of Microsoft Exchange Server 2003, Enterprise Edition.

Caution The 180-day evaluation edition provided with this training kit is not the full retail product and is provided only for the purposes of training and evaluation. Microsoft Technical Support does not support this evaluation edition.

For additional support information regarding this book and the CD-ROM (including answers to commonly asked questions about installation and use), visit the Microsoft Press Technical Support Web site at <http://www.microsoft.com/mspress/support/>.
